

Medication coverage

Depending on your insurance coverage, expensive chemotherapy medications may have a high copayment. We will search for copay assistance or contact the manufacturer to help you with your copayment. If funding is not available, your physician may prescribe another medication. Our pharmacy technician will keep you informed of your prescription status.

Things to know

A prescription insurance card is different from a medical insurance card. Please be sure to have the correct card to ensure proper insurance billing. If for some reason we are not able to fill your prescription, we will do all that we can to ensure you get your medication as soon as possible. We are working on agreements with several pharmacy insurance plans to cover prescriptions to be filled at our pharmacy.

We are here for you!

If you have any questions, please stop by the pharmacy, call **712.252.9433** or email Marsha at snellerm@jenc.com

We participate in the SafeNet Rx donation program. SafeNetRx is a 501(c)3.

Established in 2001 as the Iowa Prescription Drug Corporation, the organization was created to provide affordable medication access to lowans in need of assistance. They focus on providing low-cost pharmaceutical access to our most vulnerable populations while generating significant cost savings across health systems.

Any unused medications need to be returned to our office for proper disposal or possible donation to the SafeNet Rx program. See Marsha in the pharmacy for more information regarding the SafeNet Rx donation process.

June E. Nylen Cancer Center is a not for profit venture of Mercy Medical Center-Sioux City and UnityPoint Health-St. Lukes. While they are our governing body, we do not rely on them for financial support for our operations.

The Pharmacy at the

Welcome to the Pharmacy at the June E. Nylen Cancer Center

Who can have a prescription filled at the June E. Nylen Cancer Center pharmacy?

Any patient that is seen at the June E. Nylen Cancer Center or one of our satellite clinics. The prescription must be written by one of the Cancer Center physicians and picked up at the June E. Nylen Cancer Center.

If you have a prescription that has been filled elsewhere and wish to transfer it to our pharmacy, please let our pharmacy technician know and we will investigate whether future prescriptions could be processed through our pharmacy.

What types of medication can be filled at the pharmacy?

Oral chemotherapy, medications for nausea, steroids, creams, and some of the most commonly used antibiotics prescribed by Cancer Center physicians. Additional medications may be added in the future. We are not able to fill prescriptions for narcotics.

Why choose the June E. Nylen Cancer Center pharmacy?

- Saves you time; eliminates the travel time to go to another pharmacy.
- It's convenient; in most circumstances you will be able to pick up your medications before you leave the building.
- Availability of specific cancer medications sooner; the majority of pharmacies do not carry chemotherapy medications. In most circumstances we can have medications for you the next business day instead of waiting 1 - 2 weeks for it to come in the mail, depending on approval from your insurance.
- We provide assistance in finding help for high medication co-payments (see medication coverage section).

When can a prescription be picked up?

8:00 am to 5:00 pm Monday through Friday excluding holidays.

Where is the pharmacy located?

Just behind the Reception desk.
Please stop by and visit!
